## Information about this service

Breeze Connect SIP Trunking provides you with an IP voice service delivered via your Internet connection. This allows you to connect a SIP compatible phone system (PABX) or other SIP compatible device to traditional telephone networks to make and receive calls.

### Minimum Term

The minimum contract term is 1 month. You can cancel this service at any time by emailing [help@breezeconnect.com.au](mailto:help@breezeconnect.com.au).

### What's included

This plan includes outbound calls to local/national numbers, 13/1300/1800 numbers and other numbers hosted with Breeze Connect. The plan also includes a limited amount of calls to Australian mobiles each month (up to the minute limit indicated in the pricing table above).

Calls to	Cost
<b>Local/national numbers</b>	Included
<b>Australian mobiles</b> (up to included minutes)	Included
<b>13/1300 numbers</b>	Included
<b>1800 numbers</b>	Included
<b>Breeze Connect numbers</b>	Included

This plan also includes a number of fixed direct in-dials (DIDs). Other DID types (such as 1300/1800 numbers) and fixed DIDs in excess of those included will attract Number Hosting charges.

## What's not included

Calls from your service other than the call types listed under the heading 'What's included' are not included in your plan and you'll be charged for these separately.

Calls to	Cost
<b>Australian mobiles</b> (in excess of included minutes)	14c/min plus 14c connection fee
<b>International destinations</b>	from 2.9c/min minimum charge 60 seconds

For international call rates please visit [breezeconnect.com.au/rates](http://breezeconnect.com.au/rates).

The SIP Trunking service does not include:

- A broadband internet connection
- A phone system (PABX)
- Any hardware (phones, adaptors, gateways, etc)
- Calls to Australian mobiles in excess of 1,000 minutes per month per channel

## Important conditions and limitations of the service

### Fair use policy

This plan is not available for resale or high-volume outbound telemarketing purposes. Breeze Connect's Fair Use Policy applies. Please visit [breezeconnect.com.au/customer-terms](http://breezeconnect.com.au/customer-terms) for more details.

### Service guarantee

Breeze Connect SIP Trunking is a standalone service which is delivered over an existing internet connection and does not come with guarantees in relation to voice quality.

Due to the nature and pricing of the service, we are not be able to offer Breeze Connect SIP Trunking to customers who do not agree to waive the Customer Service Guarantee (CSG).

## Emergency services

This service may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. Our service may not function in the event of a power failure. Priority Assistance is not available on this service.

This service may not provide accurate location data to emergency call operators. Breeze Connect SIP Trunking can be accessed from anywhere with an internet connection and may be in use at an address which differs to that already registered with the Integrated Public Number Database (IPND). Emergency services rely on the IPND to obtain location information. We will make every effort to ensure the IPND database is kept up to date with the most recent address you provide to us.

## Teletypewriter equipment

Teletypewriter (TTY) equipment is not supported on Breeze Connect SIP Trunking services.

## Premium rate services

Calls to 19/1900 numbers (aka "Premium Rate" services) are not available on the Breeze Connect network.

## Maximum call duration

For security reasons all calls on our network have a 3 hour connection limit and will be automatically disconnected after 3 hours.

## Other information

### Technical requirements

It is recommended that your broadband service (acquired separately) provides a minimum of 100Kbps uncontented symmetrical bandwidth (both upload and download) per channel to improve voice quality.

Whilst we have tested our SIP Trunking service with many different PABX vendors, we do not provide a free support service to assist you with the configuration of your PABX.

### Automatic credit card payments

We offer a service to make automatic payment of your account using a credit card. If you opt in for this service, the balance owing on your invoice will be deducted in full on the due date each month until you ask us to cancel this service.

### Number porting

Breeze Connect accepts telephone numbers ported from other providers. Porting numbers from other providers may attract a porting fee per request submitted. A list of current porting fees can be found at [breezeconnect.com.au/rates](https://breezeconnect.com.au/rates).

If you have an existing ISDN or PSTN service on the copper network and you port your numbers to Breeze Connect in an NBN network area you will not be able to switch back once the number port is complete.

If you wish to retain your numbers when cancelling your service then you will need to port them away from Breeze Connect before asking us to cancel the service.

## Full terms

For our full legal terms please refer to our Standard Form of Agreement (SFoA) and Fair Use Policy which can be found at [breezeconnect.com.au/customer-terms](https://breezeconnect.com.au/customer-terms).
